BUILDING CONFLICT-RESILIENT LAW SCHOOLS: LESSONS FROM UNIVERSITY OF HAIFA'S RESPONSE TO OCTOBER 7TH

ABOUT THE EVENT

How can universities maintain open, respectful dialogue during times of conflict? Following the events of October 7, 2023, the University of Haifa's Law Faculty created "[Guidelines for Free and Safe Discourse](#)"—a model now shared at Harvard, NYLS, and Cincinnati.

Join us for an engaging discussion on how these principles foster inclusion, safety, and understanding in diverse academic communities, and how they connect to UO's own [Shared Principles for Educational Events](#).
